

Department of Mathematics and Statistics

COLLOQUIUM

Tuesday, November 15th, 2016

4:00 – 5:00 pm, Adel Mathematics Bldg., Room 164
(refreshments at 3:45)

Amy Rushall
NAU

Sabbatical Report

Abstract: I will share the work of my 2015-2016 sabbatical year in Lisbon, Portugal. My main goal was to investigate a “Math Trail” at NAU/Flagstaff and look into developing a First Year Seminar course with a possible project connected to designing a Math Trail. I will discuss

- The progress made and preliminary use of my work.
- Other professional activities I engaged in while in Portugal.
- A few details of daily life.
- A few fun travel stories.

Algebra Combinatorics Geometry and Topology (ACGT) Seminar meets every Tuesday, 12:45 – 1:45 pm, AMB 146. Ernst continues.

Applied Math Seminar (AMS) meets on Thursdays, 12:45 – 1:45 pm, AMB 164. Dr. Abol Razi (Informatics) will go in to more detail regarding the mathematics from his colloquium talk.

Friday Afternoon Undergraduate Mathematics Seminar (FAMUS) meets Fridays, 3pm, AMB 164.
