

Japanese number theorist Yutaka Taniyama was born on this FAMUS day in 1927.

"As to the cause of my suicide, I don't quite understand it myself, but...I lost confidence in my future."

-part of Taniyama's suicide note [he'd just been offered a position at the Institute for Advanced Study at Princeton and was about to be married]

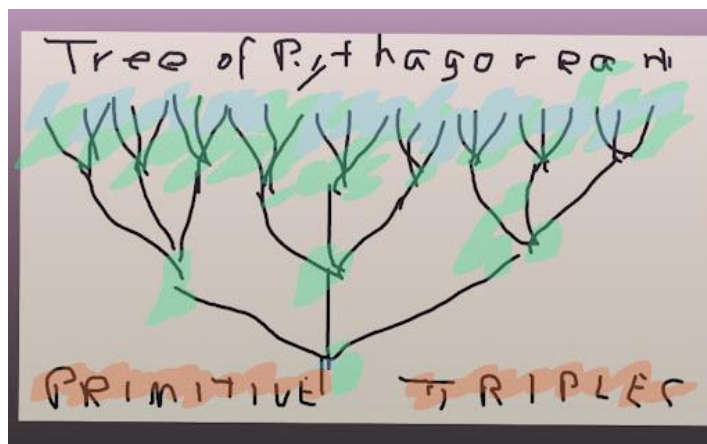

FAMUS [Friday Afternoon Math Undergrad Seminar] meets:
