

Dutch mathematician Jan Brouwer died on this FAMUS day in 1966.

*"...Mathematics practiced for its own sake can achieve all the harmony found in architecture and music, and also yield all the illicit pleasures which ensue from the free and full development of one's faculties without external force."*

*- Brouwer's way of saying "mathematics rocks!"*

**FAMUS** [Friday Afternoon Math Undergrad Seminar] meets:

- every Friday
- at 3:00 p.m.
