

R. L. Moore, the mathematician who "created" IBL (Inquiry Based Learning), died on this FAMUS day in 1974.

"...he was destructive...he refused to teach black students...he was bigoted against women and Jews...I wouldn't for anything have let my children go to school with Moore..."

-former students talking about Moore

FAMUS [Friday Afternoon Math Undergrad Seminar] meets:

- every Friday
- at 3:00 p.m.
- in Room 164
- of the Adel Mathematics Building
