

Alfréd Haar, who created the Haar measure on locally compact groups, was born on this FAMUS day in 1885.

*Said a mathematician named Haar,  
"Von Neumann can't see very far.  
He missed a great treasure -  
They call it Haar measure -  
Poor Johnny's just not up to par."*

-a poem about Haar outshining the legendary "Johnny" Von Neumann

**FAMUS** [Friday Afternoon Math Undergrad Seminar] meets:

- every Friday
- at 3:00 p.m.
- in Room 164
- of the Adel Mathematics Building

**[and snacks are always served!!!!]**

October 11<sup>th</sup> topic

## The Quantum Ethics Project

[presented by  
Joan Arrow]

October 11<sup>th</sup> guest

## Jaechoul Lee

**ALL MATHEMATICS MAJORS ARE ENCOURAGED AND EXPECTED AND ENCOURAGED TO ATTEND**
